Tony,

We would like to thank you for the work we have been doing together.

Over the last 8 months we have been working through the Business Planning process. In our 1st meeting we remember you saying these profound statements along the lines of
"You Don't know that you Don't Know"
"You Know that you Don't Know"

I must say that you have certainly inspired us, opened up our minds, exposed us & the business to a huge amount of new material, ideas & strategies that are helping us work on ourselves, & more on the business rather than in it, which is our ultimate Goal.

We definitely *didn't know that we didn't know* in the beginning, however we can now say that you have helped take us to the next level.

The workshop you did for us the other day was great, many of our Team are talking about it, using the material you presented & interested in learning more. We would like to do some regular workshops, maybe every month to keep the new ideas & inspiration coming.

We look forward to working together strengthening our relationship, Us, our Team & Our Business.

Regards
Jason Wilson & Vanessa Wilson
